

GALAMBOS BOOK BUYERS

These names are taken from the FEI customer list as it existed in the late 1990s, around the time that Volume One of *Sic Itur Ad Astra* was published. By then, relatively few of the thousands of people who attended FEI from its inception in 1961 to the cessation of Galambos' live lectures in the mid-1980s remained on the list. The highlighted names are the people who purchased one or more copies of the book, which the Trustees have refused to publish in full as required by the contract. For reasons of privacy, only surnames are shown here. If you are one of these buyers, or if you have another claim to the book such as inheritance, please provide us with your full name so we can match it with the FEI list, and with your contact information so we can send you any new information, answer questions, put you in touch with others, discuss Galambos' ideas, and so forth. Your information will not be shared without your permission.
